

**World Witness Training Centre
Celebrates the 10th Graduation**

Clifton and Leta McDowell celebrated with the staff and students of WWTC-Kenya in the 10th graduation on August 2nd. This class was named “*World Transformers.*” Twelve graduates received completion certificates for biblical studies in theology and six students received additional certificates in completion of computer technology. Sister Millicent received the Faith Shield pin for highest scholastic average.

The McDowell’s congratulate the staff for bringing the class to its successful completion. They also congratulate each and every graduate for their accomplishments in class. Glory to God that He has seen us through again!

Rev. Judith Otanga, Dean of Alumni Affairs, was the presiding Master of Ceremonies. Rev. Benson Lyanda, Dean of Student Affairs, offered the Commissioning Charge to the graduates. Bishop Jane Wekesa Wawire was the guest speaker and brought the Word of God to the staff, graduates and attendees. Bishop Isaac Wawire was also in attendance and used the graduation to launch his new book on Transformation.

Ten friends and family traveling from Turkana including Pastor James were in attendance for the graduation of his wife Rose. Family and friends from Bungoma and other regions of Kenya were in attendance. Fifty plus pastors were also among the attendees. It was a glorious and anointed day. We can only say, “Look what the Lord has done!”

On Friday prior to graduation day the staff and students gathered together for a time of celebration, saying their good-byes, and having their final meal together. The students shared testimonies with the staff. We were moved to tears many times just hearing what all the students had to overcome to come to class. They assured us that what they gained was worth far more than what they endured. **Please check out their testimonies on the next page.**

Student Testimonies

These are just a few of the testimonies from the students of 2014.

It is a great blessing and encouragement for God to have chosen us to be a channel of transformation to these precious lives. It has been a time of great excitement, growth, stretching mixed with challenges which have brought great blessings to all of us. Wahoo! We all made it! Glory to God. **Rev. Benson Lyanda-Dean of Student Affairs**

Pastor Lornah Ayitso *Before coming to WWTC Lornah had gone through a rough time. She had lost her beloved husband which resulted in hopelessness and broken heart. She also ended up losing almost all her friends due to the stigma that surrounds widows in her culture. Her life was full of pain and grieving. She received a word from God through Sister Leta to join WWTC. She did not respond immediately but the word lingered with her and God gave her the grace to come to school. In her own words she says that WWTC became a place refreshment, healing, inspiration, restoration and she found a family to help her go through many overwhelming challenges. She is very glad that she obeyed God to come.*

Victor Oyamo I had great challenges in attending WWTC because I come from very far. I had to spend over two hours on the road walking to school and another two hours daily going back home. I almost gave up but the confession at the center really energized me. Any time my natural man was giving up I would let the inward man dominate and I could keep on by faith. I have surely been transformed attending WWTC.

Pastor Akudo Rose from Turkana *I come from all the way Lodwar. When I came to WWTC I was a bit nervous but the Founders and the staff were very friendly. I have learned a lot at WWTC. One thing I have come to treasure is our confession of who we are in Christ. I love it and I do it morning, evenings and any other times I decide to. This has really transformed my life.*

Patrick Mudanyi I first came to WWTC when I was sent by my pastor to represent him in a leadership seminar. From that moment I developed a desire to come to class. Bless God; the Founders (Clifton and Leta McDowell) decided to sponsor the morning classes!!!! Wahoo!! That was an open door. I have learned a lot at this training center. The word taught here under a strong anointing has not only transformed my life but also shaped my destiny. My spiritual life has developed at a higher speed from the deep revelation I received every time the Founders and instructors stood to speak. The confessions of who we are in Christ, times of prayers, and fellowship with the Holy Spirit are tremendous keys handed to me at the center. God has blessed WWTC

Vincent Otenyo *When I entered WWTC things were different and wonderful! The place was organized, clean and the staff members were very disciplined and smartly dressed. The staff were also very clear in their instructions. In the past six months I have really been transformed.*
